1000 Governing Board Code of Ethics and Conduct

The Monterey Peninsula Community College District Governing Board, in recognition of its responsibility to the community it serves, and to the students and staff of the college for whom it must provide wise governance, affirms its commitment to the following statements of Ethical Conduct. These statements enlarge upon, or are in addition to, many of the Board's legal obligations, which are outlined in the Board Policies Handbook.

Members of the Governing Board will:

1. Work together in a spirit of harmony and cooperation treating other Board members with respect and courtesy even though vigorous differences of opinion and philosophy may arise during debates on points of issue.
2. Base their Governing Board decisions upon all available facts, vote their honest conviction in every case unswayed by partisan bias, and abide by and uphold the final majority decision of the Board.
3. Understand and remember that individual Board members have no legal authority to represent the college outside of Board meetings and are to conduct their relationships with the public, staff, and students on that basis.
4. Resist every pressure and temptation to use their position as a Board member to benefit either themselves or any individual or agency apart from the welfare of the college district.
5. Treat members of the public, staff, and students courteously and with dignity.
6. Devote the time, thought, and study to their duties as a Board member, which will enable them to render effective and creditable service.
7. Understand that the Board's function is to provide leadership to the District through its review and evaluation of programs, planning, the development of policy, and maintaining the fiscal integrity of the district. Board members recognize that it is not their function, either individually or collectively, to actively engage in the administration of the district and understand that to do so, or even to give the appearance of doing so, can erode the trust and mutual respect which are the cornerstones of successful Board/Superintendent relationships.
