A. Student Programs and Services

4025 College Readiness

Monterey Peninsula College offers a special learning program designed to help low income or first generation college students develop and strengthen their basic academic skills. Instruction is individualized and aimed at giving the student competency in writing, math, and science. Trained counselors help students select an educational objective and assist in personal development and career planning.

College credit is given for this program and financial aid is available upon qualification.

Adopted: December 14, 1988.
