

English 401 Progress Record

Spring 2011

Name: _____

Section: 4432-4397 Girard

Clock-in #: _____

Course ID: Gerard744781W

Welcome to the English 401 lab in the English & Study Skills Center (ESSC). This course is designed to support your work in English 301 by providing personalized instruction and a review of grammar and usage.

Course Requirements & Policies

- You should plan to spend two hours per week completing the lab assignments. All work for this course **must** be completed in the ESSC. Your attendance will be verified by the hours you are logged into the Timekeeper system using the clock-in number above.
- After you successfully complete an entire module, ask a staff member to record your score and initial below. Please do not record your scores yourself.
- A passing score on each exercise is 80%; a passing score for each section of the diagnostic post-test is 70%.
- If you have **any** questions, ask an ESSC staff member. We are here to teach you! If you attempt an exercise in MyWritingLab more than twice and do not pass it, please let us know. We will help you to learn the relevant concepts.
- To remain current in this course, you must complete the modules successfully by the due dates listed before them. Because sometimes emergencies arise, we will allow you to complete up to **three modules** after their due dates. No more than three late modules will be accepted.
- Students who are late completing more than three modules will be dropped from this course, which will cause them to be dropped from English 301 also. Please be mindful of your lab obligations so that this does not happen to you.

Due Date	Assignment	Exercise	Score	Date	Lab Manual ✓	ESSC initials
