BP 2410 Board Policies and Administrative Procedures

The Board of Trustees may adopt such policies as are authorized by law or determined by the Board to be necessary for the efficient operation of the District. Board policies are intended to be statements of intent by the Board on a specific issue within its subject matter jurisdiction.

The policies have been written to be consistent with provisions of law, but do not encompass all laws relating to District activities. All District employees are expected to know of and observe all provisions of law pertinent to their job responsibilities.

Policies of the Board may be adopted, revised, added to, or amended at any regular Board meeting by a majority vote. Proposed changes or additions shall be introduced not less than one regular meeting prior to the meeting at which action is recommended. The Board shall regularly assess its policies for effectiveness in fulfilling the District's mission.

Administrative procedures are to be issued by the Superintendent/President as statements of method to be used in implementing Board Policy. Such administrative procedures shall be consistent with the intent of Board Policy. Administrative procedures may be revised as deemed necessary by the Superintendent/President taking into consideration AB 1725 and its provisions to encourage the participative role of faculty, staff, management, and students in District and college governance through an ongoing consultative process, and following Board Policy on participatory governance.

The Superintendent/President shall provide each member of the Board with any revisions of administrative procedures. The Board reserves the right to direct revisions of the administrative procedures should they, in the Board's judgment, be inconsistent with the Board's own policies.

Copies of all board policies and administrative procedures shall be readily available to District employees through the Superintendent/President.
