

Interior Design Program

The curriculum in Interior Design in the Family and Consumer Science department at Monterey Peninsula College enables the student to earn a certificate of achievement, work toward an AA degree, or transfer to a 4-year institution. Classes also offer education of general interest to persons in the community who wish to make their own present or future homes more attractive and functional.

The program is planned so that, upon completion, the student may transfer to pursue a Bachelor's degree, become self-employed, or be employed in an entry level position by the following:

- Interior Design Studios
- Furniture and Antique Stores
- Building Contractors and Architects
- Paint, Wallpaper, Carpet and Drapery Businesses
- Lighting, Kitchen and Bath Planners
- Art and Artifact Galleries
- Department Stores
- GS Position on a Military Installation
- Hospitality Business

Learning Outcomes

Upon successful completion of the program, Interior Design students will be able to:

- Analyze client's needs, goals, and life safety requirements.
- Formulate preliminary design concepts that are aesthetic, appropriate, and functional, in accordance with codes and standards.
- Develop and present final design recommendations through appropriate presentation media.
- Communicate professionally with the client and with trade sources.
- Prepare drawings for non-load bearing interior construction, reflected ceiling plans, lighting, interior detailing, materials, finishes, space planning, furnishings, fixtures, and equipment.

Most courses in the program will transfer allowing the student to pursue an advanced degree.

Not all courses are offered every semester. Students are encouraged to consult with counselors and instructors about their educational goals and career aspirations so that appropriate classes may be recommended. Course descriptions are available at www.mpc.edu and in the MPC Catalog.

"Monterey Peninsula College is committed to fostering student learning and success by providing excellence in instructional programs, facilities, and services to support the goals of students pursuing transfer, career, basic skills, and life-long learning opportunities.
