  Did you knowingly or willfully fail to register with Selective Service?  
  - ☐ Yes  
  - ☐ No

If your answer is No, attach your [Selective Service Status Letter](https://www.sss.gov) along with a detailed letter explaining why you failed to register. In addition, attach documentation that supports your justification. The Financial Aid Office will determine whether you have shown that your failure to register was not a knowing and willful act.

Selectives Service Verification

The Department of Education (ED) is taking additional steps to ensure compliance with the Selective Service registration provisions of P.L. 97-252, commonly referred to as the Solomon Amendment. The law requires men who meet the registration requirements to be registered with the Selective Service in order to receive federal student aid. In addition to federal regulations, recipients of the California Dream Act must meet these same requirements.

Because Selective Service has not been able to confirm your registration or your exemption status, you must complete the first page of this form and return it to the Financial Aid Office with all additional documentation attached.

If you are under 26 and have not previously registered, you must register by completing a paper application (available from the Financial Aid Office or your local post office), or by registering online at https://www.sss.gov/. Once you receive proof of registration from Selective Service, submit that proof with this form to the Financial Aid Office. **Note:** If you do not currently have a Social Security Number you must complete the paper registration. Individuals without a Social Security Number are unable to register online.
